“And Lo, A Star!” ~
The Arrival of a New Age

The Age of Aquarius is here, a new era of equality and egalitarianism that will lead to a state of oneness in which death does not exist.

The “great intrusion” is a blue light coming from the area of the North Star, anchoring points of the Earth along and between the 27th and 38th parallels north. It is a loving, transformational energy coming in from the sun and a pair of quasars, a measurable force in the form of neutrinos—what scientists refer to as a unifying field, and the glue that holds the universe together—that is also the god force and has no death cycle. Since 1991, when the anchoring was completed, Earth has received an increase in vibration that signals the end of the Piscean Age and the beginning of the new Age of Aquarius. Dan Chesbro will teach us about this process, the transformation of Earth that has occurred, and what’s to come.

Rev. Daniel Chesbro’s intuitive abilities awakened in childhood with dreams and feelings of guidance. As a college student at the University of Connecticut, his experiences guided him to pursue a ministerial career. His work has taken him all over the United States and to Canada, Europe, India, Tibet, and Egypt. He founded a non-denominational church, Sanctuary of the Beloved, in 1980 and, in 1983, established the educational corporation Visions of Tomorrow.

In 1986, he re-established the ancient Order of Melchizedek. Melchizedek is beloved by many faiths as a great teacher and prophet; one of the many incarnations that the Christ assumed, and, more spirit than physical, he or she appeared on Earth without a birth experience and wrote The Book of Job and the teachings on the principle of The Law of One. Dan had received guidance saying simply, “It is time to call the priests”; since then, he has taught and ordained some 15,000 women and men who have chosen this path—a priesthood of individuals committed to teach and to heal the human condition as we emerge into the Age of Aquarius. These priestesses and priests are given an energy boost to enhance the work they are already doing, healing and teaching love in this Great Transformation of Planet Earth.

Dan combines sensitive intuitive abilities with his ministerial background, psychological training, and metaphysical knowledge to teach, guide, and enhance the lives of those he encounters. Diana Henderson, a local priestess in the order and a longtime friend of his, says, “Dan is a bright spirit engaged in wondrous light work.” A dynamic lecturer and teacher, he encourages others to self-love, self-confidence, balance, and the pursuit of their own high spiritual self.

Early Meditation

Come early for the Healing Meditation. The first few minutes are focused on sending healing Love and Light to Mother Earth and her inhabitants. Then join **Diana Henderson** in a meditation focused on cleansing the psyche and welcoming balance into our lives. As we prepare for the coming Winter Solstice, we are invited to go inward for a time, to surrender and be still. This meditation offers the opportunity for deep connection to the still point within the Earth and ourselves.

Diana is an intuitive counselor, channel, Reiki Master teacher, a long-time teacher and meditation leader, and a long-time friend of SFF. She incorporates guided visualization in her healing work, particularly with DNA healing techniques and energetic therapies. Find more about Diana and her work at **www.DianaHenderson.net** and **www.OrderOfMichael.com**.

The Healing Meditation begins at 6:30 pm in the Ralph Waldo Emerson room. **Please arrive on time** to optimize the energies of the group.
